## Home Educators' Registration Form

Please complete one form per Young SET Ambassadors team and post to the address shown at the top of the page. Because of the amount of administration necessary (CRB checks, etc), to allow any adult to take responsibility for groups of children other than their own, each home educated team member must be accompanied by one of their parent(s) / caregiver(s) on all visits organised as part of the programme. Please nominate one parent to act as main contact.
